## DETAILED ACTION

### *Oath/Declaration*

1. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

Applicant has canceled the broadened claims 3-41. The pending claims 1-2 are not broader than the original claims in the patent. Therefore, this application no longer has an "error" which can be correctable via reissue. The Declaration filed 11-21-03 states that this application was to include claims broader than the patent claims. Those claims have been canceled. The pending claim 2 has been amended to correct a spelling error. This type of correction is not deemed to cause a patent to be inoperative or invalid under 35 USC 251.

2. Claims 1-2 are rejected as being based upon a defective reissue Oath/Declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the Oath/Declaration is set forth in the discussion above in this Office action.

***Response to Amendment***

The amendment to the claims filed on 10-9-03 has not been properly amended. Claim 2 has been amended according to the requirements of 37 CFR 1.121, rather than 37 FR 1.173.37 which sets forth the manner of making amendments in a reissue application. Deletions of text that appears in the patent must be done by bracketing the text being deleted. In claim 2, "oopsite" should be bracketed rather than lined through.

***Conclusion***

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
